Responsible Party Agreements

- **Family Rush ownership.** All Family Rush equipment, signs, challenge components, and operating materials remain the property of Family Rush Adventures LLC.
- **Designated use only.** Equipment may be used only for the confirmed event, in the approved event area, and only in the manner explained during handoff. Equipment may not be loaned, removed from the venue, altered, disassembled beyond the approved reset, or combined with unapproved equipment.
- **Supervision.** The Responsible Party provides enough responsible adults/staff to supervise participants and the equipment throughout the setup-only event. Family Rush is not onsite as the event operator.
- **Protection from avoidable damage.** The Responsible Party will keep food, liquids, weather exposure, sharp objects, unauthorized climbing/standing, rough misuse, and other avoidable hazards away from equipment when instructed during handoff.
- **Report problems promptly.** Lost, damaged, unsafe, or malfunctioning equipment must be removed from participant use and reported to Family Rush as soon as reasonably possible. The Responsible Party will not attempt an unapproved repair.
- **Normal wear excluded.** The Responsible Party is not charged for ordinary wear from proper use, concealed defects, or damage caused by Family Rush before or during handoff.
- **Loss or damage responsibility.** If equipment is lost or damaged because of misuse, unauthorized use or movement, intentional damage, negligence, or failure to follow the written/onsite handoff instructions, the Responsible Party agrees to reimburse Family Rush for the reasonable, documented repair cost or actual replacement cost of the affected item(s).
- **Documentation and invoice.** Family Rush will provide a description of the affected equipment and the documented repair/replacement amount. Any damage invoice is separate from the birthday/event package price and may be disputed in writing if the Responsible Party believes the charge is incorrect.
- **Return condition check.** Family Rush and the Responsible Party may compare the handoff inventory and return condition at pickup. Photos may be used solely to document equipment condition and resolve a loss/damage question.
